

**Route 419 and Route 220
Diverging Diamond Interchange
City of Roanoke and Roanoke County**

Virtual Design Public Hearing

Tuesday, June 29, 2021, 5-7 p.m.

www.virginiadot.org/Route419at220DDI

Find out about a project to address current and future congestion along the Route 419 corridor by replacing the existing interchange with Route 220 with a diverging diamond interchange (DDI). The DDI will provide enhanced safety, capacity and efficiency.

The project also includes modifying three signalized intersections along the Route 419 corridor with thru-cut design concepts and signal phase reductions. A thru-cut intersection redirects side-street through traffic to turn left or right at the signal and to turn directly into businesses or to use a nearby crossover to make a U-turn. The three Route 419 intersections to be modified include Ogden Road, Elm View Road and South Peak Boulevard. Pedestrian and bicycle accommodations also are included in the project.

The hearing will be held as a **virtual/online** event. VDOT representatives will make a presentation beginning at 5 p.m. and be present to answer questions through the WebEx Chat function after the presentation is completed. The presentation will be available for review throughout the comment period.

Project information, including the National Environmental Policy Act document in the form of a Programmatic Categorical Exclusion, is available on the project website www.virginiadot.org/Route419at220DDI and can be reviewed after the hearing at VDOT's Salem District Office located at 731 Harrison Avenue, Salem, VA 24153.

Property impact information, relocation assistance policies and tentative construction schedules are available on the project website and for review at the address listed above. For additional information, contact Jesse Weitzenfeld at 540-387-5353, 1-800-367-7623, TTY/TDD 711.
